

We pray that you never need these emergency contact numbers. However, we want you to have them available easily and quickly should the need ever arise. You need to make the call about how severe the emergency is and who should be involved. If you think it's necessary, make the call to police or social services yourself.

In most cases, your first point of contact will be your team/department leader or:

**Lois Willis (C3 Hope Local Safeguarding Lead) | [Lois.willis@c3hope.church](mailto:Lois.willis@c3hope.church)**  
**Jess Bramhall (Deputy) | [jess.bramhall@c3hope.church](mailto:jess.bramhall@c3hope.church) (07747118142)**

**But** if they aren't available, it concerns him directly (e.g. an allegation) or you would like further clarification then please feel free to contact any of the people/groups listed below.

1. **Saying something is \*always\* better than not saying something. Maintain confidentiality and start by speaking only to the people on this list.**
2. **Our safeguarding team, social services and the police would rather know too much than too little. If you have a question, a concern or even a niggle in the back of your mind then please, please, please talk about it with the right person.**
